

FORESTER
ACCESSORIES

2006

Make it all YOURS.

Every Forester comes with a surprisingly high level of standard equipment.

And, because it's a Subaru, its very presence already makes a strong style statement about you as an individual.

Yet for some, true pride of ownership calls

for extra finishing touches that

make the Forester your very own, totally in tune with your personal preferences and lifestyle.

That's why we offer a wide range of accessories that can enhance still further the aesthetic appeal or pure practicality of the vehicle. The choice is yours, but whatever you select, rest assured

that every accessory is designed

to harmonize perfectly with your Subaru's styling, and, like the car itself, built to last.
